TRIAL EXHIBIT 37

## DECLARATION OF SCOTT GIDLEY REGARDING DISPOSITION CODES

1.   I, Scott Gidley, make this declaration on behalf of ViSalus, Inc. ("ViSalus"), the defendant in the action *Wakefield v. ViSalus, Inc.*, pending in the U.S. District Court, District of Oregon, Portland Division, No. 3:15-cv-01857-BR (the "Lawsuit").

2.   I am the Compliance Analyst at ViSalus and I am authorized to make this declaration on behalf of ViSalus. As the Rule 30(b)(6) representative for ViSalus for this Lawsuit, I have generally reviewed the POM (Proactive Outreach Manager) Contact spreadsheets, POM Campaign Tracker and documents in the ASR Projects folders produced in this action.

3.   The POM Campaign Tracker spreadsheet identifies an initial spreadsheet used for a calling campaign. For many marketing campaigns on the POM Campaign Tracker, there is a "refiltered" spreadsheet that has the disposition code for the first attempted call under the "reason" column, as the disposition of that initial call is the reason the individual was placed on the refiltered list for a second call.

4.   There are also spreadsheets identified as "call blast" results or "blast" results in the "ASR Projects" folder that likewise list telephone numbers called for marketing campaigns. These spreadsheets identify the disposition code in the "reason" column or in the "results" column. It is likely that POM was used for these ASR campaigns as well, and a voice recording may have been used.

5.   To the best of my knowledge, all of the marketing campaigns that ViSalus ran calling U.S. residents using POM are identified by the spreadsheet name on the POM Campaign Tracker spreadsheet, or are located in the ASR Projects folder and the spreadsheet name includes "call blast results" or "blast results." All of these spreadsheets are listed in the attached Exhibit A hereto.

6.   To the best of my knowledge, ViSalus did not alter the meaning of the POM disposition codes (also called "Completion Codes") from the definitions set forth on pages 85 through 89 of the Using Proactive Outreach Manager manual that was Exhibit 19 to my deposition on December 12, 2017.

7.   To the best of my knowledge, the following disposition codes indicate no voicemail could have played:

I declare under penalty of perjury that the foregoing is true and correct.
